## BIRTH OF A LEGEND

The Volkswagen Kombi: the culmination of every desire and the on-road symbol of our history. This was the first vehicle ever fitted out by Westfalia in 1951.

The memories...It was a great mobile hotel thanks to its comprehensive, quality fittings! The Kombi was an instant hit and even spread beyond continental Europe to penetrate the American market.

These models of yesteryear based on studio and 1-, 2- and 3-bedroom apartments are now among the most sought after used vehicles in the world, with their value exceeding their original retail price!

And today the story continues with the improved onboard living still based on the cornerstones of freedom and independence.

Over 70 years of  
Westfalia quality

# WESTFALIA

# KELSEY

Explorer and sailor Henry Kelsey\*, whose name Westfalia chose for this campervan, would have been astonished at the comfort, space and dynamic character of this model. And you may feel the same way, when you discover this new model created on a 5.34-metre Ford Custom base.

It boasts much more comfort than most campervan layouts, with a shower tray, standard feature hot water, heating while parked, fixed cassette toilet, kitchen with two gaz hob, and dual access with two sliding side doors by the lounge. All this plus warm, welcoming colours and a plethora of features make it one of the most popular models in the range.

*Ideal for family  
holidays and everyday  
life*

*Kitchen fittings*

*Double sliding door*

*Compact 5.34-metre campervan*

\*Kelsey, Henry: English explorer and sailor, and overseas territory Governor for Hudson's Bay Company, born circa. 1667, died 1724.

The two sliding side doors create a wonder panoramic lounge enabling optimal air circulation.

The Kelsey features plenty of storage and space for two gas bottles.

# COMPREHENSIVE FITTINGS

Ideal for everyday and recreational vehicle use, the Kelsey's popularity has grown thanks to its added-value fittings. In the cockpit, the Kelsey now offers a significant number of features as standard, including LED daytime running lights and front fog lights.

In the living area, the standard features include heating and hot water fittings as well as a large refrigerator, for your comfort.

The Kelsey has a captivating modern, bright design and promises memorable times onboard. Its 4 driving seats and 4 berths let you comfortably travel with the entire family or a group of friends.

Day layout

Night layout

Chassis	Ford Transit Custom L2H1
Diesel engine as standard	2.0 EcoBlue / 96 kW / 130 hp
Gearbox	6-speed manual gearbox Automatic gearbox as option
Transmission	Traction

## FEATURES

- Complete comfort on a 5.34-metre Ford Custom base
- Double sliding side doors for optimal access
- Spacious interior
- Plenty of storage
- Hot water and heating as standard
- Large capacity fresh water (50-litre) and waste water (57-litre) tanks
- Ultra flat composite roof for reduced height

### Kelsey - measurements

A: Wheelbase	3,300 mm
B: Length	5,340 mm
C: Width	2,290 mm
D: Height	2,020 mm*

The Kelsey's layout, with its clear aisle, offers even more space and enables you to move around in the vehicle. In the kitchen, the generous storage spaces are another welcome feature.

The permanent toilet and shower tray provide great onboard comfort.

\* On 15-inch rims and depending on the vehicle's load

## WHAT A JOY!

How wonderful to lie back on a comfortable bed after a day full of adventure and excitement! To ensure a good night's sleep, we have focused on providing maximum comfort by fitting our roof space beds with a Froli base. This bed system ensures good quality sleep thanks to its individual springs. Designed to last, this innovative system also allows excellent air circulation.

In terms of size, the Kelsey's mezzanine double bed measures 190 x 120 cm.

For the lower bed, the lounge's bench seat converts to another double bed, giving you space for a total of four people to sleep.

Refreshed after a good night's sleep, you can continue your adventure.

The 'swan-neck' reading lights let you enjoy a good book before falling asleep.

# KEPLER ONE

Westfalia fits out Kepler One campervans using a Volkswagen base vehicle. The Kepler One is undoubtedly one of the brand's flagship models and enables families to enjoy travelling in any season.

Kepler One's main selling point has to be its autonomy, thanks to its toilet area where a cassette toilet and hot water system let you stay anywhere you wish, even far from camping facilities. Like the powerful heating (a standard feature as well), the hot water system is an essential feature for travelers and active campers who do not want to be restricted to travelling just in good weather.

*Ideal for family  
holidays*

**Kitchen** The Kepler One boasts a functional kitchen with a 2-hob gas stove, 51-litre refrigerator, sink, worktop, and plenty of storage compartments.

Born in 1571, Johannes Kepler was a German astronomer famous for asserting that the Earth revolved around the sun and for discovering that the planets do not follow perfectly circular trajectories as they orbit the sun, but instead follow elliptical trajectories. Kepler discovered the mathematical relationships (Kepler's laws) that govern the movements of planets in their orbit.

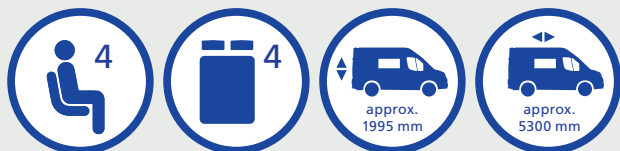

**Lounge** The Keper One's layout creates a spacious, inviting lounge area. You can also easily swivel the driver and passenger seats to include them in the lounge layout.

The ladder (standard feature) provides access to the roof space.

Day layout

Night layout

Chassis	Volkswagen Transporter T6.1
Diesel engine as standard	2.0-litre TDI /110 kW / 150 hp
Gearbox	7-speed DSG automatic gearbox
Transmission	Traction

## FEATURES

- Outstanding driving comfort with the Transporter Volkswagen T6.1
- Everyday and town use with its low height under 2 metres
- Hot water and heating as standard
- Permanent space to move around
- 50-litre fresh water and 36-litre waste water tanks
- Optional 4Motion and differential lock

### Kepler One - measurements

A:Wheelbase	3400 mm
B:Length	5300 mm
C:Width	2297 mm
D:Height	1995 mm

**Social:** the L-shaped bench seat lets one extra guest sit around the table, which has a reinforced leg.

# DISTINCTION & DISCRETION

Thanks to its long wheelbase, the Kepler One features a large, convertible dining space. It can be converted to a double bed using removable mattresses, bringing the total number of berths to four.

**Clever!** Unclip the table from its base to easily store it in the side door.

Our shower trays are high quality as they are polyester composite (not plastic) and hand-made at our French factory.

# KEPLER SIX

No other model in the range illustrates the concept of freedom as well as this campervan. Whether you are travelling with 2, 3, 4, 5 or even 6 people, your campervan can adapt to your lifestyle.

The Kepler 6 provides multi-purpose versatility for weekends and even weeks away. Step aboard as a couple, family or group of friends. Your campervan is always ready to hit the road. Head out to enjoy a lakeside picnic, a day at the beach or even a surfing session!

Ideal for your adventures

Multi-purpose layout

Individual, removable seats

### **Convertible interior:**

The individual seats mounted on floor rails let you vary the layout to suit your needs.

# EXPERIENCE VERSATILITY!

Freedom and independence is what we all seek. You have the freedom to choose where your travels will take you. The freedom to stop or continue driving, as we feel necessary. After all, that is the appeal of travel. With the Westfalia Kepler Six, you get a campervan that perfectly caters to this need. The campervan sits on a VW T6.1 with a long wheelbase. It drives like a sedan thanks to the powerful turbo diesel engine combined with quality suspension, so you can travel in comfort.

On this base vehicle, the Kepler Six features a pop-up roof, kitchen, sleeping area and storage space, making it not only a multi-purpose recreational MPV but also a valuable everyday vehicle that will quickly become an essential part of your life.

Day layout (with optional 6-seat configuration)

Night layout

Chassis	Volkswagen Transporter T6.1
Diesel engine as standard	2.0-litre TDI /110 kW / 150 hp
Gearbox	7-speed DSG automatic gearbox
Transmission	Traction

## FEATURES

- Outstanding driving comfort with the Transporter Volkswagen T6.1
- Leisure and utility vehicle with generous storage capacity
- < 2 metres high
- Up to 6 driving seats (4 seats as standard) and 4 berths
- Seats on modular, independent rails
- Seats with Isofix attachments
- Easy low bed conversion
- 40-litre fresh water and 30-litre waste water tanks

### Kepler Six - measurements

A:Wheelbase	3400 mm
B:Length	5300 mm
C:Width	2297 mm
D:Height	1995 mm

Comfort dashboard with optional Cockpit Pack shown

Layout with no seats and low bed unfolded.

Layout with no seats and low bed folded away.

### So much storage!

Our layouts have been designed to give you maximum storage space.

### Dual advantage:

The Porta Potti option is now available and provides a discreet, removable toilet area. This option includes the Porta Potti and the cover with bench seat.

# MULTI PURPOSE AND MODULAR!

When you choose the Kepler Six, you get even more features and layouts to suit all your everyday and leisure activities. Whether you are travelling for a weekend mountain biking competition or to watch a match at your favourite club, your vehicle is ready to head off on all your adventures!

Comfort is also a key concept for this model. You can concoct a delicious meal, in no time at all, thanks to the kitchen unit. The fold-out low bed system developed by Westfalia also provides greater sleeping comfort with its bed frame and choice of materials.

*It only takes a few steps to set up your bed in the lounge of your Kepler Six. Once folded away, the bed can be moved forwards or backwards using the notches. Such handy versatility!*

# JULES VERNE

The Jules Verne is the most high spec model in the range. It stands out with its exclusive car-style design. There's no doubt about it - whether with the Elegance or Avantgarde finish, the Jules Verne is decidedly eye-catching.

Inside is a cosy space. The lounge is organised around the L-shaped bench seat - a rarity in the pop-up roof campervan category. The luxury kitchenette provides maximum comfort with a 2-hob stove, sink and large 51-litre refrigerator.

*Ideal for your next trip around the world or your trips to town, with its compact 5.14-metre length it can go everywhere!*

Jules Verne was born in 1828 in Nantes, France, and died in 1905 in Amiens. He was a French writer whose canon is predominantly comprised of adventure novels evoking the 19th century's scientific advances, including the famous 'Around the World in 80 Days'.

Private bathroom

Comfortable lounge area

Compact 5.14-metre length

Interior shown with Elegance style and Chrome pack

### **Sleeps up to 4 people**

So clever! The lounge area converts to an extra bed thanks to the two mattresses stored in the wardrobe behind the bench seat.

# **UTTERLY FASCINATING!**

Naturally, what is good enough for Kepler One is definitely good enough for Jules Verne - a similar campervan concept on a more premium base vehicle with a Mercedes Vito chassis. For the Jules Verne, the Mercedes Vito provides a platform for an innovative vehicle. Compact, agile, and able to fit in underground car parks: these are just some of this model's attributes. The interior design of the Jules Verne also features an L-shaped lounge that converts to a double bed. A second double bed measuring 190 x 117 cm can be found in the pop-up roof.

Boasting a saloon car-worthy driving position, the driver and passenger seats easily swivel to become part of the lounge in no time at all.

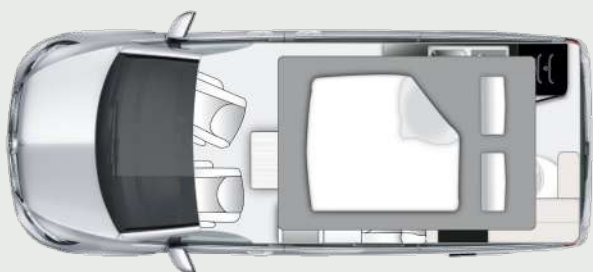

## FEATURES

- Mercedes Vito base vehicle
- Unrivalled driving comfort
- Can go anywhere with its 5.14-metre length
- Fits under the < 2-metre car park bar
- Town and leisure uses
- Hot water, toilet, heating while parked and shower tray as standard
- 4 driving seats and 4 berths
- 50-litre fresh water and 36-litre waste water tanks
- Optional 4Matic

Day layout

## Comfort & Technology

This model features 6 USB ports as well as a 12 V and a 230 V outlet.

Shown here with Avantgarde finish and Selenite Grey.

# VOLKSWAGEN CHASSIS

As you know, the Westfalia story started in 1844 and our brand has become famous worldwide thanks to our first campervan using the... Volkswagen Camper!

Today, we continue this collaboration with our Kepler models.

With the Transporter T6.1 base, the successor to the combi-vans, Volkswagen maintains its reputation for outstanding driving comfort. Its dual-clutch automatic gearbox, the DSG, also has a reputation as one of the best on the market, with ultra-fast gear shifts.

**4Motion:** this optional all-wheel-drive transmission system automatically and independently acts to optimally distribute power between the wheels when one or more tyres lose traction. Perfect for difficult terrain!

It can be boosted by a differential lock that distributes power evenly between to the two rear wheels.

Version	Engine	Transmission
Kepler - VW T6.1	150 hp, 110 kW, 340 nm (automatic gearbox)	Traction
Kepler - VW T6.1	204 hp, 198 kW, 450 nm (automatic gearbox)	Traction

Indicative Volkswagen figures. Subject to modifications and improvements. Available with automatic gearbox only.

# MERCEDES CHASSIS

Available as an option, the 4Matic all-wheel drive transmission delivers impressive engine and terrain-crossing abilities.

For the Avantgarde finish, the Jules Verne features 17" Premium diamante alloy wheels.

The Elegance finish comes with RK8 alloy wheels.

Mercedes is undoubtedly a key automotive world brand, with a reputation for reliability, elegance and technical expertise.

Our partnership with Mercedes goes back to the 1980s and intensified with the creation of our Jules Verne model. Sitting on a Mercedes Vito base, our Jules Verne model boasts great livability and is both a stylish vehicle and a RV.

Version	Engine	Transmission
Jules Verne - MB Vito Euro 6d	136 hp, automatic transmission, 100 kW, 330 nm	Rear-wheel drive
Jules Verne - MB Vito Euro 6d	163 hp, automatic transmission, 120 kW, 380 nm	Rear-wheel drive
Jules Verne - MB Vito Euro 6d	190 hp, automatic transmission, 140 kW, 440 nm	Rear-wheel drive

Indicative Mercedes figures. Subject to modifications and improvements.

**Mercedes me connect:** this software records your vehicle data and sends it to your smartphone in real time.

# FORD CHASSIS

The Ford chassis is known for its driving comfort and high spec equipment.

Choose from the many options, including Xenon headlights and a reversing camera, so you can enjoy adventures with peace of mind.

# EVEN MORE COMFORT WITH ACCESSORIES

Contact your local dealership for information on all the Westfalia accessories and available options.

You can sleep easy with these mosquito nets, which are simple to install on the side door or tailgate.

The roof insulation kit provides a superior level of comfort during cool nights and sunny days.

Essential: the Outdoor kit includes one table with four folding, height-adjustable legs. The table is stored in the sliding door for the Kepler and the tailgate for the Kelsey. The two folding chairs take up minimal space and are stored in a bag.

The awning and Outdoor kit are available for all our models.

Expand your living space with this tailgate tent which only takes a few minutes to set up. It also provides privacy when you are showering.
